EXECUTIVE OFFICE OF THE PRESIDENT
OFFICE OF SCIENCE AND TECHNOLOGY POLICY

WASHINGTON, D.C. 20500

July 11, 1979

MEMORANDUM TO: Secretary of Defense
Director, Central Intelligence Agency
Administrator, National Aeronautics
and Space Administration
Administrator, National Oceanic
and Atmospheric Administration

FROM: Frank Press *JP*

SUBJECT: Technology Sharing (U)

As Chairman of the Policy Review Committee (Space) I am concerned with the degree of progress being made to implement the President's space policy. PD/NSC-42 directed the existing Program Review Board (PRB) to take steps to enhance data, technology and hardware sharing among sectors. (C)

The preparation of this implementation plan is overdue. I request that Defense take the lead in completing the plan in coordination with other members of the PRB. The plan should be submitted to the Policy Review Committee (Space) by August 1, 1979 for transmittal to the President. (C)

cc: Director, Office of Management and Budget
Assistant to the President for National Security Affairs
